Profile Summary

I am looking for a top-tier company to utilize my technical skills in graphic and UX design, template-based websites, learning management systems, marketing, sales, customer support, and training. The Crypto Cannabis Club is a startup with a significant goal, and I believe they will become the industry-leading company focused on educating everyone about cannabis worldwide. With my extensive background in graphic programs such as photo and film editing web design, aerial systems, and program management systems, I can be a valuable asset to them on multiple levels. I have always successfully completed the tasks assigned to me, and with my skills, I will help them move forward in achieving their goals.

Work Experience

- Token Dao, LLC (Online Crypto Cannabis Club) | Memphis, TN
Product Manager for the Learning Management System and Graphic Designer 2024 to Present
- Working with a team of volunteers to recreate a strong crypto NFT project community.
 - Game box creation and logo revisions.
 - Research, sign up, and create an online learning platform.

- ContoursFx | Mount Vernon, WA 2006 to Present
Owner and operator for a visual arts and entertainment services, special effects and body art business.

- Hiring talent for gigs
- Managing an artist reality TV star
- Research, sign up and create an online learning platform.
- Haunted attraction facilitator.
- Connecting with lead contacts.
- Booking and scheduling.
- Event and party planning.
- Creating online presence and communications

Hired by: Amazon, Facebook, Microsoft (a variety of departments over the years), Andy Mirkovich, Vanguard, Warm Beach Lights of Christmas, Haunted Nightmare, Tulip Town, the US Military (multiple sections), local cities and municipalities, and others.
